To Whom It May Concern:

I am endorsing Randy Demmer for the Minnesota First Congressional District for the United States House of Representatives.

I have known Randy as a valued adviser and mentor since I came to the Minnesota House of Representatives in 2004. Time and again he has shown his breadth of knowledge on a multitude of issues. He has demonstrated leadership on many of these issues for our district and works diligently to represent his constituents at the State Capitol. I have no doubt that he will continue working hard in Washington, D.C., as well.

Randy is also a man with a depth of character that is to be emulated. He holds strong family values and believes in being involved in a variety of ways throughout his community. He is a man who will take the time to reach out to others whether it is to help someone in need or give of his time to listen.

I have observed first hand Randy's passion, commitment, and dedication in serving his constituents. I am confident there is no better person to represent the First Congressional District in Washington, D.C. than Randy Demmer.

Sincerely,
