Senate

State of Minnesota

April 8, 2010

Dear Friends,

I am pleased to announce my support for Randy Demmer for Minnesota's First Congressional District in the United States House of Representatives.

Randy has done an excellent job serving his constituents in his four terms as a State Representative, and I know he will do a fine job on our behalf in Washington, D.C. You won't find anyone more thoughtful or more willing to listen than Randy, and to me, that is very special. In fact, I believe that one of Randy's greatest attributes is his ability to communicate and promote our message of individual responsibility, personal freedoms, and a return to conservative values.

Randy is also a perfect fit for our District. As a farmer and small business person, and through his service in the Legislature, he has a breadth and depth of knowledge of the issues that will help him not only in this campaign, but as our Congressman. He has built a strong record standing up for good conservative values time and again here at the State Capitol, and he will do the same in Washington.

Our country needs strong conservative leadership in Washington, and I can't think of anyone better to than Randy. I hope you will join me in supporting him.

Sincerely,

A handwritten signature in cursive script that reads "Julie".
