Minnesota House of Representatives

April 8, 2010

Dear Friends,

I am writing today to announce that I am supporting Randy Demmer for the Republican endorsement for Congress in Minnesota's First District.

As I am near the end of my first term in office, I can't tell you how much I have appreciated Randy's leadership within our House Republican Caucus. Together, we have fought against higher taxes and wasteful government spending and have stood up in support of conservative ideals and family values. I am confident that the same leadership skills and rock-solid voting record he has exhibited here in Minnesota will hold true when he serves the First District in Washington, D.C.

Randy embodies what is best about our district. He is a lifelong resident of Hayfield, he raised his family here, has been very involved in his community and church, and has served us well in St. Paul. As a farmer and small business owner he will also bring private sector experience and good common sense to Congress, where too often politics are valued above results. Randy will help to change that.

As a friend and a colleague, I am proud to endorse Randy's candidacy, and I hope you will join me in supporting him as our next Congressman.

Sincerely,

A handwritten signature in black ink that reads "Paul Torkelson".
